Driven by General Polymers Thermoplastic Materials' continued growth in the US and Canada, we are honored to announce our cooperative marketing/sales agreement with Terinex International for further expanded commercial coverage into eastern Canada.

CLARKSTON, MI (January 29, 2018) – Focused on providing quick product recommendations, pricing, availability and high levels of personalized customer service, **General Polymers Thermoplastic Materials LLC** is excited to announce a complimentary coverage expansion of eastern Ontario, Quebec and Maritime provinces.

Terinex International Ltd. was established in 1976 primarily to service the smaller plastic processors located in Québec. Since then, they have grown to become suppliers, not only to small companies, but also to companies of international stature located primarily in eastern Ontario, Quebec and the Maritimes. The Terinex team includes **Paul J. Browitt** (President), **Michel Joly**, & **Ann Peters**.

“We are honored to partner with a company that has been an anchor of thermoplastic distribution in eastern Canada. This relationship will be invaluable to bringing back the General Polymers brand to a special region of Canada that appreciates local committed support”, says **Gregory Boston of General Polymers Thermoplastic Materials.**

*“The success of Terinex is strongly based on the quality & capability of our suppliers. The ability to have superior communication, and understanding our market demands, is key for a strong partnership. The **CUSTOMER DRIVEN – SUPPLIER FOCUSED** strategy fits extremely well within our own sales & service strategy”,* says **Paul Browitt of Terinex International Ltd.**

General Polymers Thermoplastic Materials LLC of Clarkston, MI was launched in October 2016 and is one of the fastest growing new thermoplastic resin distributors in North America.
