**GENERAL POLYMERS THERMOPLASTIC STRENGTHENS ITS POSITION IN DISTRIBUTION OF ELASTOMERIC MATERIALS WITH THE ADDITION OF *POLYMAX TPE* TO ITS NORTH AMERICAN STRATEGY**

***Driven by General Polymers Thermoplastic Materials' continued growth in the US and Canada, we are honored to add Polymax TPE to our national distribution strategy.***

CLARKSTON, MI (August 21, 2017) – Focused on providing quick product recommendations, pricing, availability and high levels of personalized customer service, **General Polymers Thermoplastic Materials LLC** is excited to announce an expanded supplier agreement with ***Polymax TPE*** to represent their TPE elastomeric product line in North America. In less than 10 years, sister company *Nantong Polymax Elastomer Technology, Co., Ltd* has built a profitable, growing business with global reach in the highly competitive thermoplastics elastomer industry.

In 2013 the founders of *Nantong Polymax* expanded their presence in the global TPE market with the opening of a new U.S. based company, **Polymax TPE**, a full-service facility near Chicago, IL designed to provide manufacturing, research and development, technical sales, and support for the North American market.

***Polymax TPE*** specializes in the development of premium thermoplastic elastomer materials for North American manufacturers across a diverse range of industries.

*"Thermoplastic elastomers are an important part of our national strategy and one of a handful of thermoplastic product categories that are a key focus for us. **Polymax TPE** provides us with a TPE product line that provides us with a complement to our other suppliers' products that are used as substrate materials for overmold applications."* states Gregory Boston, co-founder General Polymers. *"We are especially excited about their formulated line for ABS & PC overmold applications and to represent a TPE producer with state of the art production facilities in the Chicago area."*

***Per Tom Castile, VP-Sales Polymax Thermoplastic Elastomers; "We are excited to partner with a growing distributor that brings a focused approach and an existing customer base involved in overmolding applications. Their CUSTOMER DRIVEN – SUPPLIER FOCUSED strategy fits well within our own sales channel strategy."***

General Polymers Thermoplastic Materials LLC of Clarkston, MI (Detroit metropolitan area) is the creation of Gregory Boston (former executive of General Polymers-Ashland Distribution, EMS-Grivory, & Asahi Kasei) and Michael Kirtley (President of Spartan Polymers & formerly of Channel Prime Alliance, Ostermann, & Delta Polymers). With rapidly expanding coverage, General Polymers is one of the fastest growing new thermoplastic resin distributors in North America.
