

**PARTNER HIGHLIGHT**

Worldwide smart solutions

About

**Polyram Plastic Industries LTD** is a leading international supplier of high performance thermoplastic compounds with three production sites spread over Two continents offering Global availability.

Polyram Plastic Industries LTD, an independent and public company, was established in 1986 and has around 180 employees worldwide.

Head office, main plant and R&D center located in the northern part of Israel, In Ram-On.

Polyram Operates 4 production sites: Ram-On& Afula in Israel, Tianjin in China and Evansville In the USA and has 8 subsidiaries in the USA, Spain, France, UK, China, Germany, Italy and Russia.

**Polyram's Global Presence  
Production Sites**

- Established in 1986.
- 230 employees.
- Head office, main plant and R&D center located in the Northern part of Israel in Ram-On.
- 2015- Purchased by a private equity: "FIMI"
- Certifications: IATF 16949:2016, ISO 9001

**Engineering Plastic Compounds**

Polyram's Engineering Plastics division manufactures a variety of resins such as:

Polyram EP compounds include combinations of:

- PA 6
- PA 66
- PA 12
- PA Aromatic
- PBT/PET
- POM
- PC
- ABS/ASA
- PP
- Alloys
- PPE
- PPA

- Glass fibers
- Glass beads and mineral filled
- Impact modified
- Flame retardant
- Heat stabilized
- Hydrolysis resistant
- UV stabilized
- Improved friction or abrasion resistant.
- Low Emission

**Long Glass Fiber Thermoplastics**

- Polytron pultrusion process includes PP and PA LFT compounds
- Improve mechanical performance, dimensional stability, heat, UV resistance and low emission
- Specially designed for the automotive industry

**Official Approvals for Various Products**

POTABLE WATER APPROVALS

E&E

FOOD

**Polytron Families Engineering Plastic Compounds**

- Automotive • Irrigation & Water Industry • Electrical Appliances • DIY

Subsidiaries (year of establishment)	Logistic Warehouses	Production Plants
U.K 2004	U.S.A (Michigan)	Israel Headquarter (Ram On)
France 2008	U.S.A (Texas)	Israel (Afula)
Russia 2008	U.S.A (Georgia)	U.S.A (Evansville)
U.S.A 2012	U.S.A (AVON)	China (Tianjin)
China 2013	Belgium	
Italy 2014	Russia	
Spain 2015	France	
Germany 2016	Mexico	
	China	

**Engineering Plastic Compounds**

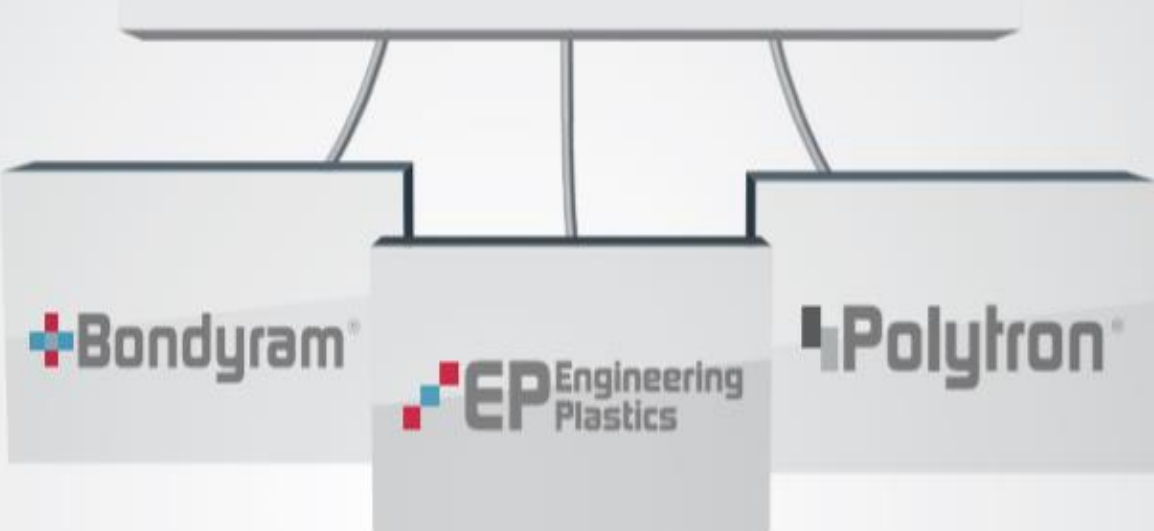

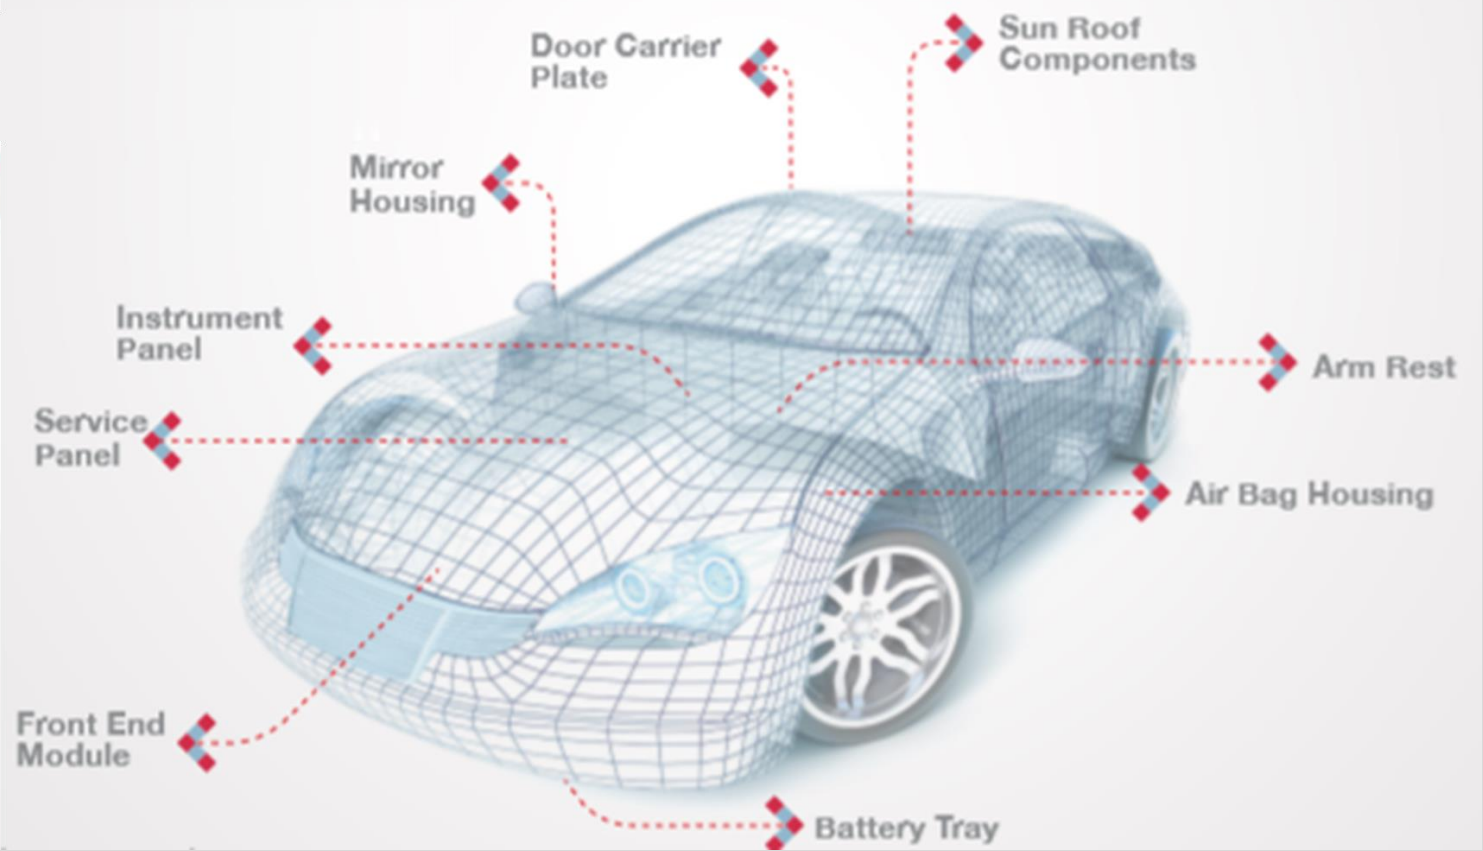

Applications

- POM+IM-** Retractor Cover
- PP Glass Reinforced + UV** - Plastic Filter
- PA 6.6 Glass Reinforced + UV, WRAS Approved** Water Meter
- ASA + ABS UV Resistant** Pool Cleaning Robot
- PBT Glass Reinforced** - Automotive Connectors

**Long Glass Fiber Thermoplastics**

- Approved by leading OEM's
- Approved by leading TIER 1
- Worldwide service
